

AGIR Project Proposal
2024-2025

Title (titre):

Facilitating Senior Access to Digital Technology

Partner/Client (partenaire/client):

Latitudes has suggested a citizenship action related to our project proposal:

Promoting Digital Inclusion for Seniors.

A partnership with Latitudes could be highly beneficial.

The main clients for this project would be elderly individuals and their close family members.

Dimensions (dimensions):

TECHNIQUE / SOCIETALE / SCIENTIFIQUE / METHODOLOGIQUE / ARTISTIQUE / AUTRE

SOCIETAL / TECHNICAL / METHODOLOGICAL

The main dimensions of our project are societal, with a potential technical aspect. The methodological aspect is also needed for the implementation of our project.

Summary including Objectives and Deliverables (résumé y compris les objectifs et les livrables):

Nous souhaitons aider les seniors à se familiariser avec les nouvelles technologies. Pour cela, nous proposerons des cours et des formations préparés et adaptés à leur profil.

Sur le plan technique, nous envisageons la création d'une plateforme dédiée qui les accompagnera dans leurs différentes actions numériques.

Our goal is to help seniors become more comfortable with modern technology. We plan to achieve this through well-structured courses and training sessions specifically designed for them.

On the technical side, we are considering the development of a dedicated platform that will support seniors in navigating digital tools and services more easily.

References (références):

(To be determined)

**We have explored this subject and found it interesting to our project.
Further research related to digital literacy for seniors will be considered for references.**

Latitudes might help in this section.

Project Team (groupe-projet):

Team Members :

- **Adrian ABI SALEH (4IF Student)**
- **Maroun CHAHINE (4IF Student)**
- **Hadi CHOUMAN (4IF Student)**
- **Danial HABIB (4IF Student)**
- **Gabriel MARCHI MEKARI (4IF Student)**
- **Peter SAAD (4IF Student)**

We think the number of students is enough in this team. However, we may collaborate with a representative from Latitudes who could provide valuable insights and support.
